

Learning Management System (MOODLE)

Student's Instructions

1. Introduction

E-Learning Management System is the primary component of the E-Learning application. It is an electronic system used to electronically plan, apply and evaluate the teaching process. This system provides the teacher with electronic means to help him/her to achieve the following:

- 1- Designing educational contents and making them available electronically to students
- 2- Following up students' performance
- 3- Evaluating students' performance
- 4- Identify their Skill Gaps
- 5- Defining defects in the questions and evaluation methods.

2. Accessing your Course Page

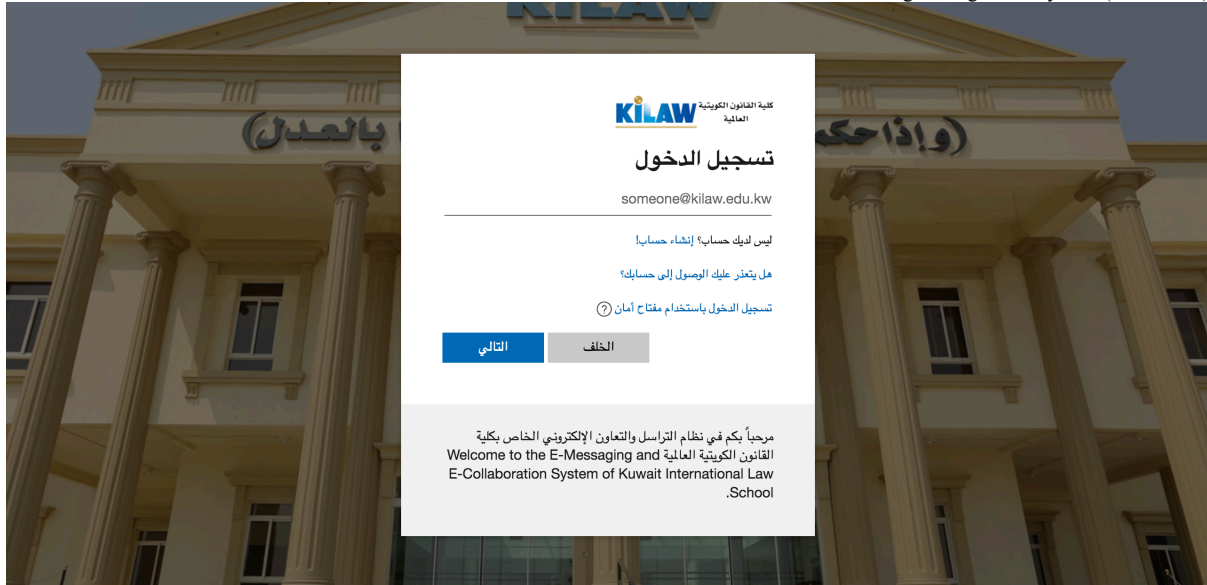

Access the Learning Management System (MOODLE) via the following link:

<https://lms.kilaw.edu.kw>

Click "KILAW's Office 365" button at the top of the system screen under the phrase "Log in with your account" as shown in the figure above.

2- You will see the login screen of KILAW's Office 365 system. Enter your username and password, which are the same username and password used to enter the KILAW's email system:

You will then see the main screen of the Learning Management System and you will find your courses that you are enrolled in during the current semester. Click on "Enter this Course" button near the name of the course you want to access.

Practical Training 457-VIS18

Teacher:

3. Viewing resources

Now you will see the course page.

Dashboard > Courses > Hidden Courses > LLM-516

 Announcements

September 10 - 14

Topic 1 - Introduction to International Organizations.

 Topic 1 PPT - Introduction to International Organizations

September 17 - 21

Topic 2 - The rise of international organizations

 Topic 2 - Rise of IOs PPT

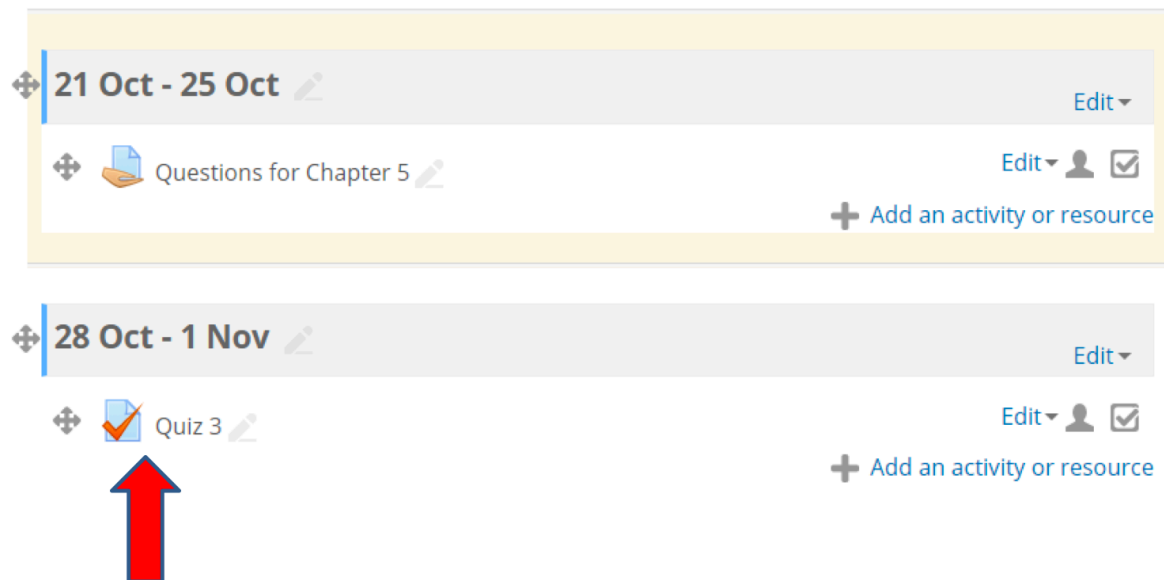

September 24 - 28

Topic 3 - The Legal Position of International Organizations

Click on the resource that you want to view (like a power point file, PDF file, or video).

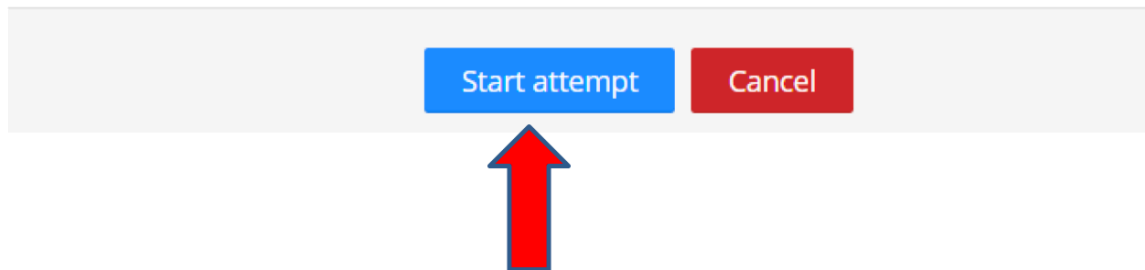

4. Submitting a quiz

To submit a quiz, click on the quiz icon as show below:

The screenshot shows a Moodle course interface with two weeks of content. The first week, '21 Oct - 25 Oct', contains a resource 'Questions for Chapter 5'. The second week, '28 Oct - 1 Nov', contains a quiz 'Quiz 3'. A red arrow points to the 'Quiz 3' icon, which is a document with a checkmark.

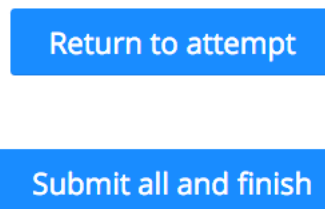

The quiz page appears now, click “Start Attempt”:

The questions page appears:

A screenshot of a Moodle quiz page. The page displays two questions. Question 1 asks: "In general, the more security measures added to an e-commerce site, the more difficult it is to use, and the slower the site becomes." with options "a. False" and "b. True". Question 2 asks: "The easiest and least expensive way to prevent threats to system integrity is to install anti-virus software." with options "a. True" and "b. False". On the right side, there is a "Quiz navigation" sidebar with a grid of question numbers from 1 to 69. Below the grid, there is a "Start a new preview" button. At the bottom right, there is a "Navigation" sidebar with links for "Dashboard", "Site home", and "Site pages".

After you finish answering all the questions, click “Submit all and finish”. If you want to return to check your attempts, click “Return to attempts”:

You can check your grades in the quiz and in all the activities of course by clicking on “Grades” in the “Navigation” block on the right-hand side of the course page:

5. Submitting an Assignment

To submit an assignment (homework), click on the assignment icon in the course main page.

The assignment page appears. Enter your answer in the “Online Text” field then press “Save changes”. If the assignment requires uploading a file, then click on the upload icon and upload the file.

The screenshot displays the Moodle submission interface. At the top, the 'Online text' section features a rich text editor toolbar with icons for text formatting (bold, italic, font size), lists, links, and media uploads. Below the toolbar is a large text area with an orange callout box that reads 'Enter your answers here and Press Save Changes'. Below this is the 'File submissions' section, which includes a file manager interface with a 'Files' folder and a dashed box for file uploads. A yellow arrow points from the 'Files' folder to an orange callout box that says 'Or Press to upload file if requested'. Below the file manager, there are two buttons: 'Save changes' (blue) and 'Cancel' (red).

As shown in the screenshot below, when you click the upload icon, the upload screen appears. To upload a file from your computer, click on “Upload a file” from the left hand-side section. Then click “Chose file” to select the file that you want to upload from your computer. After selecting the file you want to upload, click “Upload the file”.
